Hello [REDACTED]

I have found 152 pages of responsive records to your request. Under the Public Records Act, ABC has the ability to charge per page to produce. 152 pages at \$0.10 per page is \$15.20.

A note - We were unable to get the emails from 2011 to 2013 and the emails for Will Salao are purged as he left working with ABC in May 2017.

If you would like to inspect these before paying then you will have to come to a ABC District Office to view and select the pages you wish to pay for.

Which District Office is closest to you?

Thanks. If you're proposing to charge me for copies I will need to inspect the records in advance.

This serves as notification within 10 days from receipt of your request, that we will need an extension of time in which to evaluate the availability of documents. Government Code section 6253(c)(1) permits an extension when the requested records are located in field facilities or other establishments that are separate from the office processing the request.

We anticipate having costs available by November 19, 2018.
